Test IO

2023 March - Present, Edinburgh

As a Quality Assurance Tester at Test IO, I focused on Bug Reproduction and Reproduction Feature, as well as identifying and reporting various types of bugs found during testing. My responsibilities included analyzing bug report attachments, identifying root causes, and working closely with the development team to troubleshoot and resolve issues.

Freelancer QA tester

2022 December - 2023 March, Edinburgh

In this role, I analyzed Business Requirements, System Requirements, and User Interface Specification documents, and used this information to write Test Plans and Test Cases in the Quality Center. My focus on attention to detail and analytical skills allowed me to ensure that the software being developed met high-quality standards.

The Global Deli / Shop manager

2021 September - 2022 December, Edinburgh

Open and close the shop, use the till and cash handling, make coffee and food, organize and order food/drink for the next day

Balmoral Hotel / Room Attendant

2021 July - 2021 August, Edinburgh

Check and clean apartments, organize and order cleaning supplies, briefly train new housekeepers.

Canon Court Aparthotel / Housekeeper & Supervisor

2020 February - 2021 June, Edinburgh

Check and clean apartments, corridors, and staircases make order lists for linen, order and replace broken or missing items, etc.

Party Point Retail Shop / Shop assistant manager

2018 June - 2019 December, Budapest, Hungary

Stock control, order and maintain supply, training new members, managing the till, listening to customer requests and resolving issues.

FrieslandCampina / Packing assistant

2015 September - 2018 May, Budapest, Hungary

My job was to prepare production to be able to transport the final destination by track. Assist and manage the packages.

Professional summary

I am a highly motivated and detail-oriented individual with a passion for ensuring the quality and functionality of software products. As a beginner in the field of Quality Assurance, I am eager to learn and grow in this industry. I possess strong analytical and problem-solving skills, and I am able to think critically and independently. I am also an excellent communicator and am able to work effectively in a team environment.
